2. The purpose of this meeting was to consider the O/O non-concurrence in the O/TR proposal to sponsor a project for the development of basic training materials suitable for instruction in a scanning-knowledge of Chinese.

3. As a result of this meeting it was concluded that the Agency should obtain bibliographies of Chinese language training materials currently in use at leading universities in the United States. These lists would then be made available to O/O (FDD), who would then procure copies of such reference materials and evaluate them for their adequacies for the above stated purpose.

4. The Office of Training will base its decision to support such project upon the results of O/O (FDD) evaluation of the materials.
